

THIS PETITION IS A PROJECT OF JAS FOR JUSTICE AND TSURU FOR SOLIDARITY

We will present these signatures to federal legislators during the Tsuru for Solidarity National Action:
"Pilgrimage to Close the Camps", June 5-7, 2020 in Washington DC.

WE'VE BEEN DOWN THIS ROAD BEFORE. We are former WWII American concentration camp survivors, descendants, friends and allies. More than 75 years ago the Japanese American community on the West Coast was forcibly removed and imprisoned in an act motivated by racism and hysteria, without due process of law. We are horrified that our government would choose to ignore the tragic history of Japanese American concentration camps by creating a policy of mass incarceration of immigrant children and families today. We raise our collective voices to demand human rights and dignity for asylum seekers and all immigrants.

***WE RAISE OUR COLLECTIVE VOICES
TO DEMAND HUMAN RIGHTS AND DIGNITY
FOR ASYLUM SEEKERS AND ALL IMMIGRANTS.***

Sign the petition to demand that our federally elected representatives:

- Close all immigrant detention camps
- Defund family detention and deportation
- Reunify children with their families
- Fund humanitarian aid and solutions
